PLASTIMAYD®
Precision Crafted Pool Liners

WHAT | INSPIRES | YOU

Creating a backyard oasis that fits your personal style is always the first step. Our 2017 designer pattern collection will allow you to create a unique look guaranteed to renew and refresh your existing pool or add to your personalized vision. Vinyl is a luxurious pool surface. It's soft, smooth texture alleviates the rough effects of other surfaces and allows you to create a designer look for your backyard escape.

Visit our website plastimayd.com to select favorites and view designs in a simulated pool.

LIGHT SERIES

Subtle and soothing tones hinting at the light blues of the Caribbean Islands. Select patterns from the lighter side of things.

RICH SERIES

Vibrant colors inspired by luxurious oceanfront lifestyles. A collection of patterns for seaside elegance at home.

DEEP SERIES

Bold and dramatic dark blues with striking patterns, similar to the serene beauty of a lakeside retreat. Select patterns of sophistication.

VISUALIZE | THE | POSSIBILITIES

STATE-OF-THE-ART TECHNOLOGY

Our website has been designed to help you make personalized choices with our interactive visualization tool – a tool that enables you to compare and view your favorite patterns in a simulated pool.

Visit plastimayd.com to visualize the possibilities.

Featuring

ULTRAS_{EAM}
Patent Pending

Liner Technology

Standard on every Plastimayd Liner.

The strongest seams you'll **NEVER** see!

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative **ULTRAS_{EAM}** technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool!

Standard on every Plastimayd Liner.

For more information, ask your dealer, retailer, or service professional about **ULTRAS_{EAM}**!

RELAX

You can rest assured that all of our products are structurally sound and flawless. Our quality assurance team strictly oversees the craftsmanship of each pool liner at every stage of the fabrication process. All Plastimayd pool liners are fabricated in North America using 100% virgin vinyl. We are experts at getting that perfect fit even for the most uniquely shaped pools. Be comforted in knowing that you and your family can kick back, relax, and enjoy a beautiful pool.

1. All vinyl liner graphics are for illustration purposes only. It is recommended by the manufacturer to view an actual vinyl sample before ordering your liner.

2. Color may vary from printed brochure. The manufacturer reserves the right to change liner selections without notice.

* Not available in Tread-Tex material. **On the Dolphin | Seabrook liner, pattern alignment may vary at the location of seams or on vinyl-over step applications.

EXCEPTIONAL QUALITY

WARRANTY

The Plastimayd (non-transferable) pro-rated warranty covers defects in workmanship for a period of 20 years on our Classic, PermaWall and Premium liners. Liners carry a 5-year full, 15 year prorated, transferable limited warranty. Please visit plastimayd.com for full warranty details and Plastimayd pool liner care instructions.

Ask your dealer about our Extended Warranty options that provide expanded liner and installation coverage.

SAFETY FIRST

Just as important as the craftsmanship of our liners is the safety of our pool owners and users. We always provide Associated Pool & Spa Professionals (APSP) packets with each purchase to ensure that our customers can enjoy their pool in the safest way possible.

WHAT | ARE | YOUR OPTIONS

Once you've narrowed down your pattern selections, consider if you would like to coordinate matching stairs and benches with our Posi-Trac™ line, which thickness of vinyl is best for you, and if now is the time to order your safety cover.

27

PREMIUM

A 27 mil wall and floor is our most heavy-duty liner configuration. A popular choice in climates with freeze and thaw cycles - or if you want the peace of mind to know that you've selected the best protection against the elements.

27
20

PERMAWALL™

PermaWall is the combination of a 27 mil wall with a 20 mil floor. This creative combo puts the strength of 27 mil where you need it most, providing both performance and affordability.

20

CLASSIC

Our classic all 20 mil liners are precision crafted from the same premium vinyl that is used throughout our high performance products. This lighter weight, highly durable product is an excellent choice while still meeting budget restrictions.

POSI

POSI-TRAC™

Our POSI-TRAC materials are textured vinyl that provide additional traction to high traffic areas such as stairs, benches or sun ledges. Available in a variety of solid colors and printed patterns to match or compliment your personalized pool interior.

Be SMART Play SAFE

Safety Information

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;

- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and also available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

NOTICE: The manufacturer stands behind every product they produced pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.
